

@ARTICLE{4799216,  
author={Klein, F. and Leao, R. and Araujo, G. and Santos, L. and  
Azevedo, R.},  
journal={Very Large Scale Integration (VLSI) Systems, IEEE  
Transactions on}, title={A Multi-Model Engine for High-Level Power  
Estimation Accuracy Optimization},  
year={2009},  
month={may.},  
volume={17},  
number={5},  
pages={660 -673},  
keywords={VLSI design;de facto industrial standard;estimation  
error;input-vector stream;multimodel power estimation engine;power  
analysis;power estimation function;power modeling toolkit;register  
transfer level power macromodeling;selection  
function;VLSI;estimation theory;integrated circuit design;},  
doi={10.1109/TVLSI.2009.2013627},  
ISSN={1063-8210},}
