@INPROCEEDINGS{1360546,  
author={ da Silva, K.R.G. and Melcher, E.U.K. and Araujo, G.},  
booktitle={17th Symposium on Integrated Circuits and Systems Design,  
2004 - SBCCI 2004},  
title={An automatic testbench generation tool for a systemC  
functional verification methodology},  
year={2004},  
month=sept.,  
volume={},  
number={},  
pages={ 66 - 70},  
keywords={ MP3 design; SoC design; VLSI technology; automatic  
testbench generation tool; automatic verification methodology;  
coverage driven; electronic circuits; random constraint functional  
verification; self checking; systemC functional verification  
methodology; systemC verification library; transaction level; VLSI;  
automatic testing; computational complexity; electronic engineering  
computing; formal verification; integrated circuit design; software  
libraries; system-on-chip;},  
doi={10.1109/SBCCI.2004.241019},  
ISSN={ },}
