@INPROCEEDINGS{1267745,  
author={Netto, E. and Azevedo, R. and Centoducatte, P. and Araujo,  
G.},  
booktitle={International Symposium on System-on-Chip, 2003},  
title={Mixed static/dynamic profiling for dictionary based code  
compression},  
year={2003},  
month=nov.,  
volume={},  
number={},  
pages={ 159 - 163},  
keywords={ Leon processor; MiBench suites; benchmarks; blended  
dictionary model; cache bus access; cache organization; dictionary  
based code compression; dynamic information based dictionaries;  
dynamic profiling; embedded systems; processor organization;  
restricted memory area; software pieces; static information based  
dictionary; static profiling; cache storage; data compression;  
memory architecture;},  
doi={10.1109/ISSOC.2003.1267745},  
ISSN={},}
